COOL CLIMA 7.3 kW
(25,000 BTU/HR)

TECHNICAL SPECIFICATIONS	
Internal Unit Dimensions (mm)	380 x 820 x 1,350 (l,w,h)
Internal Unit Weight (Kg)	86
Internal Unit Power Sound Level (dB(A))	58.4 @ 3m (max fan speed)
External Unit Dimensions (mm)	360 x 582 x 460 (l,w,h)
External Unit Weight (Kg)	18
External Unit Power Sound Level (dB(A))	62
Air Flow (m³/h)	1,450
Current Consumption (Amps)	11
Power Supply	230/1/50 (1.5mm²)
Max Power Absorbed (kW)	4
Power Connections	13 amp standard plug
Nominal Cooling Duty (kW)	7.3 @ 26°C in 30°C ambient
Refrigerant	R-422D / 1.1kg

SIMPLE TO USE

This single fan air conditioner with large volume air movement of 1,450m³/hr is ideally suited to cool large office areas, server rooms, data centres and workspaces.

The ICS Cool Energy Cool Clima 7.3kW (25,000 Btu/hr) split unit has been designed for a fast rental installation and start up.

The unit operates from a standard 13amp single-phase supply and has a single remote condenser, which operates externally and is linked to the internal air conditioner by a flexible water line (up to 30m). In addition to this, the unit is entirely portable, fits through standard doorways and has castors.

BENEFITS

The 7.3kW unit (25,000 Btu/hr) is a freestanding unit and can cool specific areas by utilising the three speed fan outlet on the front of the unit. The unit has an automatic thermostat, which regulates the local air temperature to the set level required and is capable of operating down to a temperature of 12°C.
