

NCS Exterior

A new solution based on today's demands, a unique working tool meeting the needs of contemporary aesthetic exteriors, while being inexpensive to produce and with long-lasting colours. Now in a new design, with two matte colour samples to each page and separated into easily identifiable groupings for specific use, this colour collection for professionals in the world of exterior colouring is the perfect working tool. Colours are divided into groups, divisions based on how each colour can be produced in different façade materials.

Specifications:
